Outreach and GOTV*

*Shirley Coelho
Secretary*

*Pat Metrano
Treasurer*

*Abel Veiga,
Outreach and
Diversity
Chairperson*

*Tom Warren
Field and Events
Coordinator*

Dear Participant,

Thanks for attending our “**Nuts and Bolts on How to Run a Campaign**” forum tonight. You have already taken a step to help your city, and hopefully help you meet your personal goals, by taking the time to attend this session. We hope you have an enjoyable and informative evening. Running for office is a right and a privilege as a citizen of the United States. Anyone who wants to become an elected official should be encouraged in their efforts.

The Attleboro Democratic City Committee (ADCC) does not endorse municipal candidates nor do we provide direct campaign funding to municipal candidates. Municipal offices are considered non-partisan elections. We do hope to improve our democratic process locally by encouraging new, progressive candidates and providing information and tools to help these candidates run for office. We hope to provide in-kind support and consulting support to these candidates as needed.

It should also be noted that another way to get involved in moving the City of Attleboro forward is to be part of a **city board or commission**, or to be part of a **local community group or non-profit organization**. These organizations are listed on our website at <http://attleborodemocrats.org/GetInvolvedinAttleboro.htm> .

In this packet is a CD that contains an Excel data file with the City of Attleboro’s January, 2009 voter database. Other key financial documents, forms, and guides from the Massachusetts Office of Campaign and Political Finance (OCPF at <http://www.mass.gov/ocpf/>) are also on the CD. A copy of the items you would receive from City Hall’s Elections Commission to run for local office (<http://cityofattleboro.us/elections/>) is also enclosed.

Thank you again for participating.

Sincerely yours on behalf of the ADCC,

Jim Humphrey
Chair, Attleboro Democratic City Committee

Attleboro Democratic City Committee
